BEHAbelt (SG) is a high-quality conveyor belt made of polyurethane (PU) and is suitable for use in food processing and other applications where high hygiene standards are required. The belt is made of a special PU85A material and has a thickness of 4 mm. It is available in a width of 45 mm and a length of 1...5%. The belt is made of a special PU85A material and has a thickness of 4 mm. It is available in a width of 45 mm and a length of 1...5%.

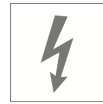

BEHAbelt (SG) - 10/2026

Icons

BEHAbelt icons represent the various properties and features of our products.

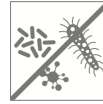

Complies with FDA/EC standards

Electrostatically dissipative

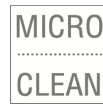

Safe for X-ray and MRI scans (PU SAFE)

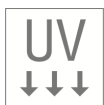

Antibacterial and antifungal

Waterproof and oil-resistant

Micro Clean certified

UV-C resistant

2K system (two-component)

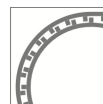

Vegan

ISO 340 certified

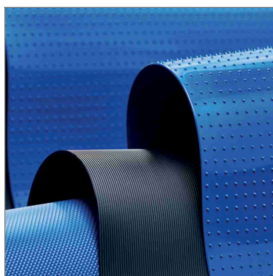

Flexible and bendable

Highly flexible

Applications

BEHAbelt products are used in various applications:

PU and TPE conveyor belt

PU and TPE components

PU and TPE connector

PU and TPE V-belt

PU and TPE gear
